

ECOMOMIC WORKHORSE

TYPE

- Quadricycle motor encased in two places approved to European standards.
- Rear Wheel Drive (20 x 11 x 10)
- Steering of front wheels (21 x 7 x 10)
- Chassis Tubular Steel Corrosion

BODY

- Rotomolded Polyethylene Monocoque high strength gray - Hood and trunk ABS PMMA dyed - Yellow, Red, Blue, gray.

ENGINE

- Lombardini 4 stroke, overhead camshaft 340 cc head, torque 24 N / m to 2 500 t / m
- Forced air cooling
- Administrative Power: 4 HP
- Real power: 7.7kw
- Electronic ignition
- Carburetor Dell'Orto with manual choke
- Alternator 180 watts
- Electric starter
- Clutch and automatic transmission
- Reverse switch differential
- Transmissions to the wheels by gimballs

SUSPENSION

- Front and rear: MacPherson type with large clearance

SECURITY FEATURES

- Steel Rollbar
- Seat belts 3-point inertia reel
- Windshield Laminated
- Hydraulic disc brakes front - drums AR + parking brake
- Rear bumper reinforced
- Warning lights

FEATURES

- Length: 2.060 m
- Width: 1.330 m
- Height: 1.495 m
- Empty weight: 240 kg
- Fuel tank capacity: 10 l
- Cargo Capacity: 90 dm³

EQUIPMENT

- Battery 12 V 14 A
- Parking brake
- Fuel pump vacuum
- Dashboard: fuel gauge, speedometer, distance recorder kilometers, witnesses headlights, turn signals, hazard lights
- Horn
- Windshield wiper and washer electric
- Trim removable seats
- Exterior mirrors
- Location radio
- Front fender flares
- Steering lock
